The Village Spotlight

The mix of any community is always diverse. People arrive from many different backgrounds, each with their own unique story. This month's spotlight is no different. Bill Elmore was already one of us before he moved his furniture in.

His smile would greet everyone during his visits here.

He was checking on others he knew from churches in the community. Visiting was his ministry and a perfect match for his personality.

He was hardly unpacked before joining in every activity and event, not just coming to them, but adding to the fun and comradery.

A little deeper look at Bill...he was raised in North Carolina, where he prepared for a very full life ahead. His first venture was joining the Air Force, serving two tours in Japan, Korea and one in Thailand. After retiring from the service, he moved to Murfreesboro and took a position at MTSU as Maintenance Director. It was there he met and married Ms. Jean. They were the proud parents of three children, seven grandchildren and eight great-grandchildren.

With his wife's passing, his friends here knew he would need some good cooking, and they began to rally for him to relocate and be their neighbor, as well as friend.

His advice to all of us is "always place the Lord first in your life". We are so very proud he has chosen The Villages as his home. We welcome you Bill.
